- I/We have viewed the photos and details of the property as advertised by the agent and understand that this advertisement may not equally represent the property as an onsite inspection would.
- I/We understand that by submitting this application to lease the property I/we are committing to leasing the property should my/our application be approved.
- I/We understand that by signing this document I/we have agreed to take the property "as is", regardless of the state of the property when I/we collect keys and take possession, should our application be approved.
- I/We acknowledge that we cannot and will not hold The Industry Estate Agents or their employees accountable for the presentation of the property as I/we have knowingly agreed to take the associated risks with applying for and potentially leasing a property sight unseen (ie, condition of lawns, cleaning etc).

3. Acknowledgement

This form must be signed by all applicants.
